Be sure to see our tips for using Every-Day Edits in Sat, 15 Dec 2018 15:08:00 GMT Applying The Activity Series Worksheet Answers - Applying the Activity Series. In this activity series worksheet, students read about single replacement reactions and are given a table with the activity series of metals and nonmetals. Students use the activity series to predict if reactions will occur and they complete and balance the reactions if they do occur and write "no reaction" if they don't occur.
